

# GKONCY ELECTRIC

## GZ Power Distribution Module Series

### INTRODUCTION

- The distribution module and device terminal blocks with Push-in connection technology come ready to connect and are available in various cross-sections, numbers of positions, mounting types, and colors.
- Fast installation with ready-to-connect distribution blocks and device terminal blocks
- Significant space savings due to the minimal size.
- The distribution module and device terminal block are suitable for flexible and space-saving wiring.

### PRODUCT MODEL

- GZ series Power Distribution Module
- GZ series Potential collective terminal
- GZ series Guide Rail Adapter

A: GZ power distribution module / guide rail adapter / potential distributor module

## JWD2-NZ Push-In Din Rail Terminal block

### INTRODUCTION

- Push-in connection technology, tool-free, more fast and convenient.
- Simply insert the conductor to the end of the chamber.
- Installed with multiple channel bridge, circuit connection testing is more flexible.

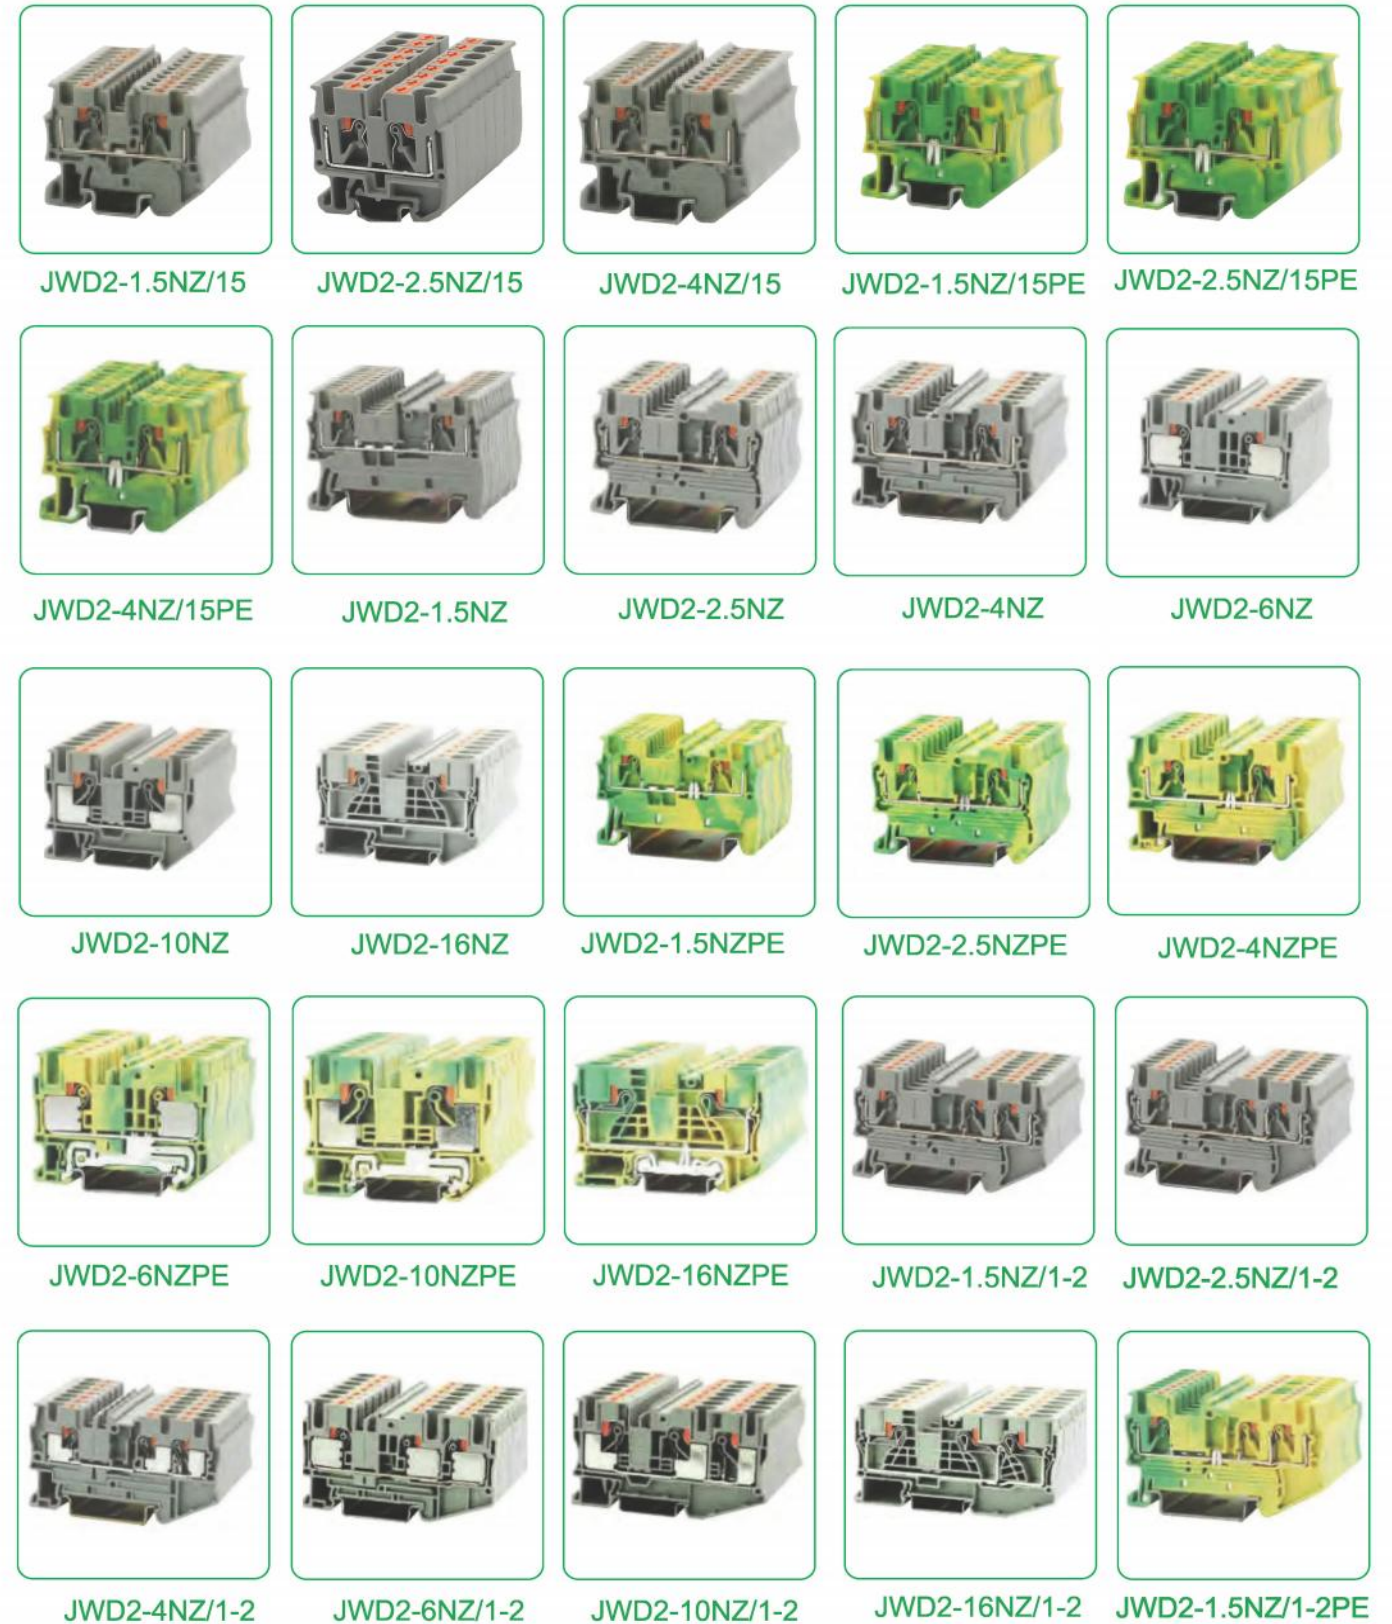

### PRODUCT MODEL

- JWD2 -NZ series Push-in General Din-Rail Terminal block
- JWD2-NZ series Push-in 1-IN / 2-OUT Din-Rail Terminal block
- JWD2-NZ series Push-in 2-IN / 2-OUT Din-Rail Terminal block
- JWD2-NZ series Push-in double layer Din-Rail Terminal block
- JWD2-NZ series Push-in Pluggable Din-Rail Terminal block

## JWD1 series Screw Type Din Rail Terminal Block

### INTRODUCTION

- Adopting steel pressure line structure, high contact pressure
- With self-locking, anti-seismic and anti-loosening functions
- Comprehensive compliance with RoHS environmental requirements

### PRODUCT MODEL

- JWD1 series Screw Type Din Rail Terminal Block
- JWD1 series Fuse Type Din Rail terminal Block
- JWD1 series On/Off Break Type Din Rail terminal Block
- JWD1 series Electrical coupling Type Din Rail terminal Block
- JWD1 series Relay coupling Type Din Rail terminal Block
- Quick mark strips

## JWD2a series Spring Cage Din Rail Terminal Block

### INTRODUCTION

- Space-saving design and optimized wiring method
- Strong tensile strength and high vibration resistance, suitable for delayed and humid environments
- Comprehensive compliance with RoHS environmental requirements

### PRODUCT MODEL

- JWD2 series Spring Cage Din Rail Terminal Block
- JWD2 series Spring-Cage 1-IN / 2-OUT Din-Rail Terminal block
- JWD2 series Spring-Cage 2-IN / 2-OUT Din-Rail Terminal block

## HEAVY DUTY CONNECTORS

- Heavy duty connector is suitable for use with alternate of direct connection, it provides lost of facilities for installation and maintenance in complex machinery. Heavy duty connector is widely used in electric machinery manufacture control equipment and where electric connection is required for power and signaling circuits.
